IT Elementi è la collezione che rivolge lo sguardo alle forze primigenie delle espressioni della natura: il gres porcellanato di Iris Ceramica ricerca le materie naturali primordiali, custodi di suggestioni antiche e uniche. Impressioni ancestrali, affascinanti ed essenziali: Elementi è un progetto ampio e trasversale che propone superfici, formati e colori in grado di personalizzare gli ambienti con soluzioni essenziali, intense e delicate. La collezione è un'alchimia naturale di tre finiture: Terra, che custodisce il carattere essenziale e antico del terreno, Lava, il materiale emesso da vulcani che nasce dalle profondità della terra, e Pietra di Sciara, il territorio siciliano attraversato dal materiale vulcanico espulso dall'Etna.

EN Elementi is the collection that focuses on the primal forces of nature: Iris Ceramica's porcelain stoneware recreates the essence of primordial natural materials, encapsulating their unique age-old beauty. Worn down by the eons, their markings both essential and splendid, Elementi is a far-reaching collection that includes tiling types, sizes, and colours to customise designs with minimalist solutions offering both bold and understated options. The collection is a natural alchemy, combining three finishes: Terra - which embodies the ancient, essential nature of soil, Lava - originating from the fiery interiors of volcanoes and the depths of the earth, and Pietra di Sciara - the area of Sicily rich in volcanic material thrown out by Etna.

La collection est une alchimie naturelle de trois finitions : Terra, qui préserve le caractère essentiel et ancien du sol, Lava, le matériau émis par les volcans qui remonte des profondeurs de la terre, et Pietra di Sciara, le territoire sicilien traversé par la matière volcanique éjectée par l'Etna.

DE Elementi ist die Kollektion, die den Blick auf die Urgewalten der Ausdrucksformen der Natur richtet: Das Feinsteinzeug von Iris Ceramica sucht nach ursprünglichen natürlichen Materialien, als den Hütern alter und einzigartiger Eindrücke.

Uralte, faszinierende und grundlegende Eindrücke: Elementi ist ein großes und transversales Projekt, das Oberflächen, Formate und Farben anbietet, die in der Lage sind, die Räume mit wesentlichen, intensiven und zarten Lösungen zu personalisieren. Die Kollektion ist eine natürliche Alchemie in drei Ausführungen: Terra, die den wesentlichen und uralten Charakter des Bodens bewahrt, Lava, das von Vulkanen ausgestoßene Material, das aus den Tiefen der Erde aufsteigt, und Pietra di Sciara, das sizilianische Gebiet, das von dem vom Ätna ausgestoßenen vulkanischen Material durchquert wird.

RU Elementi (Элементы) – это коллекция, обращающая свой взор к примитивным силам экспрессии природы: керамогранит Iris Ceramica исследует примитивные природные материалы, хранящие в себе очарование древности и уникальности. Отпечатки древности, очаровательные и сдержанные: Элементы - это большой и многоуровневый проект, предлагающий покрытия, форматы и цвета в состоянии персонализировать жилую среду с помощью сдержанных, насыщенных и деликатных решений. Коллекция представляет собой естественную алхимию трех типов отделки: Terra (Земля), сохраняющая сдержанный и древний характер Земли, Lava (Лава) – вулканическая лава, извергаемая из недр земли, и Pietra di Sciara (Пьетра ди Шиара), сицилийская земля, пропитанная вулканическими выбросами Этны.

CH Elementi是一个将专注于自然展现原始力量的系列: Iris Ceramica针对珧琅粗陶寻找原始的天然材料, 成为古老而独特方案的守护者。祖传、迷人和本质的印象: Elementi是一个大型的贯穿项目, 其表面、尺寸和色彩能够通过本质、强烈且精致的方案来让装饰环境更具个性。系列产品基于天然炼金术打造的三种终饰: “Terra”保留了土壤基本而古老的特征, “Lava”则来自火山喷出的地球深处物质, 而“Pietra di Sciara”则代表着被埃特纳火山喷出的物质贯穿的西西里岛。
