peronda

Pasión por el detalle

passion for detail

The largest format with the latest technology

Peronda presenta su última innovación en dimensiones de la pieza, donde aún a cantidad pero también calidad. El gran formato 100x260 cm, si bien ya conocido en el mundo de la cerámica, resurge en esta ocasión de la mano de Peronda para ofrecer por primera vez la mejor opción estética gracias a su acabado Shaped, el más realista del mercado. Shaped combina relieve y gráfica en cada pieza para replicar la naturaleza con precisión, pues se trata de la última tecnología de impresión en bajorrelieve. 100x260 cm Shaped, formatos mayúsculos para espacios monumentales.

Peronda presents its latest innovation regarding tile size by matching not only quantity but quality. The large 100x260 cm format, which is known within the ceramics field, makes a comeback by Peronda's hand to offer the most beautiful option for the first time thanks to its Shaped finish, the most realistic on the market. Shaped combines relief and graphics on each tile to replicate nature accurately, for it is the latest in bas-relief printing technology. 100 x 260 cm Shaped, capital formats for monumental spaces.

SHAPED TECH

Real
precision
by Peronda.

Natural

Las texturas, los recovecos, las vetas que crea la naturaleza son caprichosas, y esa es la fuente de su belleza. No hay dos iguales, y en su singularidad radica su belleza. La pasión por la búsqueda del detalle ha llevado a Peronda a desarrollar una tecnología capaz de reproducir la naturaleza en su máxima expresión, que es captando hasta el mínimo detalle. Los relieves son creados con tecnología digital perfectamente coordinada con la impresión gráfica para generar las piezas más naturales vistas en cerámica.

Preciso

Donde ponemos el relieve ponemos la tinta. La precisión con la que imprimimos nuestras piezas es milimétrica, pues relieve y gráfica casan a la perfección para obtener un resultado técnicamente inmejorable.

Real

Nada de ilusiones ópticas, esto es real. Lo que ves y lo que tocas es lo mismo. La veta está donde está el relieve y viceversa. Lo que siempre quisimos en cerámica, ahora lo consigue Peronda.

Natural

The textures, sinuosity and veining found in nature all follow capricious rules, and it is this random nature that makes them so very lovely. Nothing is ever identical and this singularity is the secret to nature's beauty. Peronda's passion for detail has led it to develop technology able to reproduce nature in its maximum of expressions, captured down to the tiniest of details. Digital technology is used to create textures that coincide perfectly with the printed pattern, leading to some of the most natural looking designs ever to be seen on ceramic tiles.

Precise

Our printing inks reach each and every part of the printed texture. The tiles are printed with absolute precision, carefully marrying the design with the corresponding texture to unparalleled technical effect.

Real

There are no optical illusions. Everything is real. What you see and what you touch are one and the same thing. The printed veins coincide perfectly with the texture. Everything you have always longed for in ceramic tiles has now been achieved by Peronda.
