This 3D architectural rendering illustrates a modern bathroom design, divided into two distinct sections. The left section features a warm, light-colored wooden wall (1) and a wall with a herringbone pattern in a light, textured material (2). A white, rectangular shower pan (3) is set into the floor. The right section has a blue wall with a white floral pattern (4) and a circular mirror (7) mounted on it. Below the mirror is a wall of green subway tiles (6). A white, cylindrical pedestal sink (8) with a black faucet is positioned against the green tile wall. The floor is made of light-colored wood. The entire scene is presented in a clean, minimalist style with soft lighting.
